Help is right here.

Welcome to the 2002 edition of the Northwest Hospital Medical Staff Directory. Inside you will find a list of physicians and providers (by alphabetized specialty), contact information, symbols indicating board certification, special interests, and a map of primary care providers.

CREDENTIALING

All providers listed in this directory are currently active, provisional, or affiliate members of Northwest Hospital's Medical Staff (in accordance with Medical Staff bylaws) as of 8/1/02.

BOARD CERTIFICATION

Throughout the directory, an Asterisk (*) indicates board certification. To become board certified, providers undergo training in their fields and pass comprehensive examinations.

SPECIAL INTERESTS

Under individual listings, "Special Interests" have been added in small type below the address. These special interests may only be available through the provider's private practice. Please contact the provider directly for further information.

PRIMARY CARE CLINICS

For your convenience, a map at the end this directory shows the locations of our primary care providers (including obstetrician/gynecologists).

INFORMATION BY PHONE

Call our automated MED-INFO phone line (206/633-4636) to request a list of Northwest Hospital primary care providers accepting patients. The automated line can also provide lists of specialists credentialed at Northwest Hospital.

INFORMATION ON THE WEB

Visit our website at www.nwhospital.org for complete provider listings online. Our Physicians and Providers section allows you to search for listings and view providers by specialty.

FOR MORE INFORMATION

The general listings provided in this directory were generated from information submitted to the Northwest Hospital Medical Staff office by individual providers at the time of their credentialing. If you have questions or would like more information, please contact the provider directly at their office phone number (listed in this directory).

HOW TO USE THIS DIRECTORY

Inside this edition of the 2002 Medical Staff Directory, you will find individual contact information for Northwest Hospital physicians and providers. The key below will help you understand how to read each individual listing.

- 1 Specialty Heading
- 2 Description of Specialty
- 3 Physician Name
- 4 Primary Specialty – an asterisk* indicates board certification in this category
- 5 Additional ABMS Specialties or sub specialties the physician is trained in (and certified if an asterisk appears)
- 6 Practice Name, if applicable
- 7 Contact Information including phone number, fax number (if available), office location.
- 8 Special Interests, if provided
